MB Docket No. \_\_\_\_\_

RM - \_\_\_\_\_

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

To: Assistant Chief, Audio Division  
 Media Bureau

**PETITION FOR RULE MAKING**

NM Licensing LLC ("NM Licensing"), licensee of Station KLAK(FM), Durant, Oklahoma, by its counsel, and pursuant to Section 1.401 of the Commission's Rules, hereby requests that the Commission amend the FM Table of Allotments to delete Channel 248C2 at Durant, Oklahoma, allot Channel 248C2 to Whitewright, Texas as that community's first local service, and modify the license of KLAK to reflect operation on Channel 248C2 at Whitewright. If this Petition is granted, NM Licensing will file an application for Channel 248C2 at Whitewright and will construct the authorized facilities if its application is granted. The following table summarizes the changes requested in this Petition:

City	Channel	
	Existing	Proposed
Durant, Oklahoma	248C2	---
Whitewright, Texas	---	248C2

**A. Technical Analysis**

- As demonstrated in the Engineering Statement, Channel 248C2 can be allotted to Whitewright, Texas at coordinates 33-27-35 North Latitude, 96-27-25 West Longitude consistent

No. of Copies rec'd 014  
 LMA B C D E  
MB 03-108

with Section 73.207 of the Commission's Rules. *See* Technical Exhibit, Figure 1.<sup>1</sup> A 70 dBu signal can be provided to Whitewright from the proposed reference point. *See* Figure 2. The relocation of KLAK to Whitewright will result in a net gain in population of 267,728 persons able to receive a 60 dBu signal from the station. *See* Figure 5. The loss area will continue to remain well-served with five aural services except for a small area (containing 77 people) with that will retain four aural services. *See* Figure 5. This is consistent with other reallotments granted by the Commission. *See Scappoose and Tillamook, Oregon*, 15 FCC Rcd 10899 (2000); *Detroit Lakes and Barnesville, Minnesota*, 16 FCC Rcd 22581 (2001); *Earle, Arkansas, et al.*, 10 FCC Rcd 8270 (1995).

#### **B. Change in Community of License**

2. NM Licensing desires to change the community of license of Station KLAK from Durant to Whitewright under the guidelines set forth in *Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 3870 (1989), *recon. granted in part*, 5 FCC Rcd 7094 (1990) ("Community of License"). There, the Commission stated that a station may change its community of license without subjecting the license to other expressions of interest if (1) the proposed allotment is mutually exclusive with the current allotment; (2) the current community of license will not be deprived of its only local service; and (3) the proposed arrangement of allotments is preferred under the Commission's allotment priorities. These criteria are met here. First, the proposed use of Channel 248C2 at Whitewright is mutually exclusive with the current use of Channel 248C2 at Durant. *See* Technical Exhibit, Figure 1. Second, Durant (pop. 13,549) will not be deprived

---

<sup>1</sup> Figure 1 reveals that there is a short spacing to a Channel 248C proposal at Keller, Texas. Channel 248C was proposed in MM Docket 00-148 as an upgrade for KLAK. That proposal was denied. *Report and Order*, DA 03-1533 (rel. May 8, 2003). NM Licensing's predecessor as licensee of KLAK, Next Media Licensing, Inc., was

of its only local service because it will continue to be well-served by four other stations.<sup>2</sup> Third, the provision of a first local service at Whitewright (population 1,740) under Priority 3 will result in a preferential arrangement of allotments over the retention of a fifth local service at Durant under Priority 4. *See Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982).

3. Whitewright is not located in an Urbanized Area, although the proposed 70 dBu contour of KLAJ will cover 67.9 percent of the Sherman, Texas Urbanized Area. However, this should not raise a concern with the relocation of stations from rural to urbanized areas, because from its current location KLAJ covers 100 percent of the Sherman Urbanized Area, and so is actually moving away from the urban center.<sup>3</sup> *See Headland, Alabama and Chattahoochee, Florida*, 10 FCC Rcd 10352 (1995). Nevertheless, a demonstration of the independence of Whitewright from Sherman is provided.

4. In making the determination whether to award an urbanized community a first local service preference, the Commission will consider the extent the station will provide service to the entire Urbanized Area, the relative populations and proximity of the suburban and central city, and, most importantly, the independence of the suburban community. *Faye and Richard Tuck*, 3 FCC Rcd 5374 (1988). In this case, as mentioned earlier, KLAJ would place a 70 dBu contour over 67.9 percent of the Sherman Urbanized Area. Whitewright, located in Grayson County, is 18.7 kilometers from the closest point of the Sherman Urbanized Area. The 2000 Census population of Whitewright (1,740) is 4.9 percent of the population of Sherman (35,082).

---

one of the joint parties that had filed the Counterproposal in that case. NM Licensing hereby states that it will not file a petition for reconsideration of the decision denying Channel 248C allotment at Keller.

<sup>2</sup> In addition to KLAJ, the following stations are licensed to Durant: KAYC(FM), Channel 216A; KLBC(FM), Channel 292C3; KSSU(FM), Channel 220A; and KSEO(AM), 750 kHz.

<sup>3</sup> The proposed 70 dBu contour will also cover 13.7 percent of the McKinney, Texas Urbanized Area, but this is well below the threshold of concern.

These figures are similar to those of other suburban communities granted a first local preference. *See, e.g., Anniston, Alabama, et al.*, 16 FCC Rcd 3411 (2001), *recon. denied*, 17 FCC Rcd 14830 (2002) and cases cited therein. In any event, the Commission has repeatedly stated that these factors are less important than evidence of independence. *See Headland, Alabama and Chattahoochee, Florida*, 10 FCC Rcd 10352 (1995). The following analysis of the eight *Tuck* factors demonstrates the independence of Whitewright from Sherman.

(1) *Extent to which the residents of Whitewright, Texas, work in the Town of Whitewright.* The population of Whitewright, Texas, was 1,740 in 2000 (2000 U.S. Census Bureau). This represents an increase of 1.58% from the 1990 U.S. Census figure of 1,713. According to the 2000 U.S. Census Database, 175 of the 695 workers, or 25.18%, work in the place of residence. *See Exhibit A. See Anniston, Alabama, supra* (16% of the residents of College Park worked in College Park); *Albemarle and Indian Trail, North Carolina*, 16 FCC Rcd 13876, 13880 (2001) (11.3% of working-age residents worked in community); *Coolidge and Gilbert, Arizona*, 11 FCC Rcd 3610 (1996) (6%). *See Exhibit A.*

(2) *Newspapers and other media that cover Whitewright's needs and interests.* The *Whitewright Sun* is a weekly published each Thursday that serves Whitewright. The newspaper commenced publication in 1884. According to Anna Brewster, Assistant Editor of the *Whitewright Sun*, the newspaper has a circulation of 1,000, and contains local news for the residents of Whitewright including articles on topic such as local government, local business and community news. According to Ms. Brewster, the paper is in the process of constructing a webpage.

(3) *Community leaders and residents perceive Whitewright as being separate from Sherman.* The Town of Whitewright has its own unique identity and history that is separate from that of Sherman. Whitewright is located along Texas State Highways 11 and 160 in northeast Texas. Whitewright is located in Grayson County, Texas. Initially founded by settlers from Kentucky who farmed the land, Whitewright gained importance as a railroad connection. The town is named after William Whitewright, a New York investor in the local railroad. Whitewright was incorporated in 1878. Whitewright became an area of farming and manufacturing of cottonseed oil and flour evolving into a farming retail and commercial center. By the 1980s, Whitewright factories were producing goods such as sausages, clothing and fertilizers. According to the Whitewright Area of Chamber of Commerce webpage, the town of Whitewright “is positioning itself for growth and prosperity. Our historic downtown is undergoing a renovation with new shops, restaurants and more.” See Exhibit A.

(4) *Whitewright has its own local government and elected officials.* According to Mona Sears, Whitewright Town Clerk, the government of the Town of Whitewright functions independently of any other governmental units and operates under a mayor/council form of government. The town has an elected mayor and five council members who are elected for two-year terms. The town council is the town’s governing body. Among the town’s administrative offices and departments are town secretary, town administrator, chief of police and fire chief. Among the municipal services provided by the town are: police, volunteer fire department, water, sewer, trash, street maintenance and snow and ice removal. According to the Town Secretary, Barbara Layman, the 2003 fiscal year budget for the Town of Whitewright is approximately \$1,300,000.

(5) *The Town of Whitewright has its own zip code and separate governmental listing in the local telephone company directory.* The zip code designated exclusively for the Town of Whitewright is 75491. The U.S. Postal Services operates the Whitewright Main Post Office at 125 W. Walnut Street. *See Exhibit A.* According to Ms. Layman, residential and business listings are found in the regional Verizon Telephone Directory published in October 2002 which contains separate sections for Whitewright residential and government listings.

(6) *The Town of Whitewright has its own commercial establishments and health facilities.* Whitewright is home to a variety of businesses and commercial establishments. A few of these businesses identify with the community by using “Whitewright” in their name, for example: Whitewright Car Wash, Whitewright Insurance Agency and Whitewright Rock, Inc. Whitewright retail and commercial businesses also include: L&L Pest Control, Spectrum Carpet Cleaning, Berkemeyer Concepts, Gorman Contracts & Equipment Service, Creative Iron Works, Dawson Propane Company, Cedar Chest, Grand Street Bakery, Dotson’s Auto Parts, Dorchester Grain, Odeum Theater, McFatridge Travel & Tours, Pettit’s Grocery & Market and Tommie’s Bait Shop. Banking services are provided by Independent Bank. Dining establishments include CJ’s Grand Street Café, Ribbitt’s Niblets, The Olive Tree, Cotton BBQ & Hamburgers and Rosie’s Donut Palace. Lodging establishments located in Whitewright includes the Holiday House. The Whitewright Area Chamber of Commerce promotes local businesses and sponsors several town events. *See Exhibit A.*

A number of health care providers are located in the Town of Whitewright. Medical services are provided by Whitewright Family Practice, Cigna Health Care and

Horizon Health Care. Dental services are provided by several sole practitioners. The Gattis Veterinary Clinic provides veterinary services. *See Exhibit A.*

Whitewright is also home to a number of religious organizations, such as Whitewright Bethel Baptist Church, Whitewright Church of Christ, First United Methodist Church, Whitewright Presbyterian Church, and Assembly of God Church. Civic organizations in Whitewright include the Whitewright Lodge No. 167, Whitewright Area Chamber of Commerce and American Legion Post #225. *See Exhibit A.*

(7) *Whitewright is a separate and distinct advertising market from Sherman.* According to Ms. Brewster, local businesses in Whitewright advertise in the *Whitewright Sun*, which enables them to reach the residents of Whitewright, and do not rely primarily on Sherman media sources.

(8) *Whitewright has its own library and its police and fire protection are provided independent of any other jurisdiction.* The Whitewright Public Library serves the local population. The library is part of the Northeast Texas Library System. The library is open Mondays through Fridays. It has a meeting room, a book collection of 22,000, computer and internet access and books-on-tape and video collection. The library has several programs for children and adults.

The Whitewright Independent School District is headquartered in Whitewright. The school system operates the Whitewright Elementary School, Whitewright Middle School and Whitewright High School. *See Exhibit A.*

According to Ms. Sears, the Town of Whitewright maintains its own police department with a police chief appointed by the mayor and town council. The department is composed of five officials and three reserves.

According to Ms. Sears, the Town has a volunteer fire department. The department provides fire, rescue and emergency medical services to the town.

## II. CONCLUSION

Grant of this petition is in the public interest because Whitewright, Texas will receive its first local service with a net gain in population served of 267,728 persons. NM Licensing reiterates that if the Commission grants this petition, it will file an application and construct the authorized facilities. The Commission should promptly issue a Notice of Proposed Rule Making as described herein.

Respectfully submitted,

TECHNICAL EXHIBIT  
IN SUPPORT OF  
A PETITION FOR RULE MAKING  
TO AMEND THE FM TABLE OF ALLOTMENTS  
DURANT, OKLAHOMA AND WHITEWRIGHT, TEXAS

Technical Narrative

This technical narrative and associated exhibits have been prepared on behalf of FM station KLAJ (herein "Petitioner") in support of a Petition for Rule Making to amend Section 73.202(b) by the reallocation of channel 248C2 from Durant, Oklahoma to Whitewright, Texas and the modification of the license of KLAJ on channel 248C2 at Durant, accordingly (BLH-19980508KE). As the requested change to channel 248C2 at Whitewright is mutually exclusive with the present allotment of channel 248C2 at Durant, Petitioner invokes the provisions of Section 1.420(i).

The following is a summary of the reallocation proposal:

- The community of Whitewright, Texas (2000 Census population 1,740) will be provided with its first local aural transmission service and Durant, Oklahoma (2000 Census population 13,549) will continue to receive local service provided by FM stations KAYC, channel 216A, KLBC, channel 292C3, KSSU, channel 220A and AM daytime station KSEO, 750 kHz.
- Whitewright is not located within any Urbanized Area as defined by the 2000 U.S. Census.
- The number of persons within the KLAJ 1 mV/m contour will increase from 204,916 persons to 472,644 persons, and there will be a "net" increase in 1 mV/m coverage to 267,728 persons.
- The 1 mV/m gain and loss areas are considered to be well served.

Proposed Change in Table of Allotments

Station KLAJ is currently licensed (BLH-19980508KE) to operate on channel 248C2 at Durant, Texas with an effective radiated power (ERP) of 27 kW and an antenna height above average terrain (HAAT) of 205 meters. Durant is located in Bryan County, Oklahoma and has a 2000 U.S. Census population of

13,549 persons. Durant will continue to receive local service provided by FM stations KAYC, channel 216A, KLBC, channel 292C3, KSSU, channel 220A and AM daytime station KSEO, 750 kHz. Therefore, adoption of the proposal will not deprive Durant of its sole "existing" local service.

Whitewright, Texas is located in Grayson County, Texas and has a 2000 U.S. Census population of 1,740 persons. Whitewright has no other local FM or AM service and, therefore, Petitioner's proposal would bring first local aural broadcast service to Whitewright. Accordingly, Petitioner requests modification of the FM allocation table as follows:

<u>City</u>	<u>Present</u>	<u>Proposed</u>
Durant, Oklahoma	248C2, 292C3	292C3
Whitewright, Texas	--	248C2

Compliance With FCC Rules

The attached Figure 1 is a tabulation of required separations pertinent to use of channel 248C2 at Whitewright. The reference site complies with the Commission's minimum distance separation requirements contained in Section 73.207 to all existing, authorized and proposed stations and allotments. Operation from the reference site will provide the requisite city grade signal to all of Whitewright.

Figure 2 is a map showing the area to locate channel 248C2 at Whitewright in compliance with the Commission's minimum distance separation requirements and city coverage requirements based on maximum Class C2 facilities (ERP 50 kW/HAAT 150 m).

Pursuant to Section 1.420(i), the Commission will consider petitions to modify the license/construction permit of an FM station to specify a new community if the proposed allotment would be mutually exclusive with the present assignment. As the entire area to locate for channel 248C2 at Whitewright depicted on Figure 2 would be short-spaced to the

licensed KLAJ channel 248C2 operation, the new allotment is mutually exclusive with the existing allotment.

#### Urbanized Area Considerations

Whitewright, Texas is not located within any Urbanized Area as defined by the 2000 U.S. Census. The proposed 70 dBu contour for the channel 248C2 operation at Whitewright will encompass 67.9% of the Sherman Urbanized Area and the closest point of Whitewright is located 18.7 km from the closest point of the Sherman Urbanized Area. It is noted that the licensed KLAJ 70 dBu contour encompasses 100% of the Sherman Urbanized Area. In addition, the proposed 70 dBu contour for the channel 248C2 operation at Whitewright will encompass 13.7% of the McKinney Urbanized Area and the closest point of Whitewright is located 30.5 km from the closest point of the McKinney Urbanized Area.

#### Gain and Loss Areas and Available Aural Services

Figure 3 is a map showing the FM 1 mV/m primary service contours for the licensed KLAJ operation on channel 248C2 at Durant and the proposed KLAJ operation on channel 248C2 at Whitewright. Maximum facilities and uniform terrain were used to determine the contour locations. The 1 mV/m "gain" and "loss" areas are also indicated.

Figure 3 also depicts the other aural (FM, AM) services available to the gain and loss areas.<sup>1</sup> For FM stations the 1 mV/m contour is shown and for AM stations, the nighttime-interference-free (NIF) contour is shown. Figure 4 tabulates the FM and AM stations whose contours are shown on Figure 3. The letters on Figure 3 identify the AM and FM service contours of stations tabulated on Figure 4. Only those FM and AM services necessary to provide at least five (5) fulltime aural services to the gain and loss areas have been

---

<sup>1</sup>The determination of available reception services was based on the criteria set forth in footnote 1 of the Notice of Proposed Rule Making in MM Docket No. 96-219 (DA 96-1774; adopted October 25, 1996, released November 1, 1996).

shown on Figure 3. The loss area receives at least five fulltime aural services with the exception of one area which receives four (4) fulltime aural services containing 77 persons within 44 square kilometers. This is considered to be well-served.<sup>2</sup> In addition, there are at least five other services available to the gain area which is also considered to be well-served.

#### Population and Area within Gain and Loss Areas

Figure 5 is a tabulation of the land areas and estimated populations within the 1 mV/m FM primary service contours for the licensed KLAQ operation on channel 248C2 at Durant and the proposed KLAQ operation on channel 248C2 at Whitewright. Also tabulated are the gain, loss and "net" gain areas and the results of the reception service analyses for these areas. Adoption of the Petition will increase the number of persons within the KLAQ 1 mV/m contour from 204,916 persons to 472,644 persons, and will result in a "net" increase in 1 mV/m coverage to 267,728 persons.

#### FM 1 mV/m Coverage Contours

The FM predicted coverage contours were calculated in accordance with the provisions of Section 73.313, except that uniform terrain was presumed in all directions. Distances to AM contours were based on either nondirectional radiation pattern values or standard radiation pattern values obtained from the FCC's AM database. FCC Figure M-3 conductivity employed along all azimuths.

#### Population and Area

The population within each FM primary service contour (1 mV/m) and each gain and loss area was calculated

---

<sup>2</sup> See Eastland and Baird, Texas, MM Docket No. 97-242, RM 9192, DA 98-1980 (Adopted: September 23, 1998; released: October 2, 1998) (a loss area containing 276 people and receiving four full-time reception services is considered well served).

using a computer program that utilizes the 2000 U.S. Census database of "population centroids". The program adds the populations of those U.S. Census designated areas whose centroid was within each service area. The area within each FM primary service contour was calculated using a root mean square algorithm.

Conclusion

Channel 248C2 can be reallocated from Durant, Oklahoma to Whitewright, Texas in compliance with all applicable Commission Rules. The proposal will result in a first local broadcast service to Whitewright. The proposal would not deprive Durant of local aural broadcast service. Therefore, Petitioner requests the substitution and reallocation of channel 248C2 from Durant to Whitewright and the modification of the Petitioner's license to specify operation on channel 248C2 at Whitewright.

<sup>1</sup> Licensed KLAK operation. Requested reallocation of channel 248C2 to Whitewright, TX is mutually exclusive with the licensed operation.

<sup>2</sup> The proposed reallocation of channel 248C to Keller, TX and the modification of the KLAK license to specify operation on channel 248C at Keller, TX was dismissed by the Report and Order in MM Docket No. 00-148 (adopted May 7, 2003, released on May 8, 2003).

**WHITEWRIGHT, TEXAS.** Whitewright is on State highways 11 and 160 twelve miles southeast of Sherman in extreme eastern Grayson County. The settlement was established in 1878, when New York investor Jim Whitewright, for whom the community was named, purchased a tract of land in the path of the Missouri, Kansas, and Texas Railroad, which was then extending its tracks across the county. Whitewright had the land surveyed as a townsite and left two of his agents, Jim Reeves and Jim Batsell, to sell lots in the new community. Likely due to the combination of its rail connection and its location in the center of perhaps the richest farmland in the county, Whitewright soon attracted settlers and businesses. Within ten years of its founding the community had incorporated and supported a private school, Grayson College, a public school, a newspaper, and several businesses, including three hotels, two cotton gins, and two banks. In addition, a post office began operations there in 1888. By 1900 the population of Whitewright was 1,804. Although it declined slightly, to 1,563 in 1910 and 1,666 in 1920, the business community flourished. By the mid-1920s both the Missouri, Kansas, and Texas and the Cotton Belt served the town, and sixty-eight businesses, including two banks and manufacturers of cottonseed oil and flour, operated locally. Whitewright served as a marketing, retail, and commercial center for the farmers of the surrounding area who produced such crops as cotton, wheat, and corn. The population rose from 1,480 in 1936 to 1,537 by the late 1940s. The number of businesses, however, declined from sixty to forty-six. During the 1970s and 1980s seven factories, producing goods ranging from sausage to clothing to fertilizers, employed local workers. By 1989 Whitewright had twenty-six businesses, and in 1990 the population was 1,713.

# Whitewright Lodge No. 167

Ancient Free & Accepted Masons of Texas

**110 Pine St.  
Whitewright, Texas 75007**

**Mailing Address: 476 One Mile Lane  
Whitewright, TX 75491**

**Meetings: Third Monday of each month at 7:30 PM**

**Chartered by  
The Grand Lodge of Texas, AF&AM  
on January 24, 1856  
Membership: 92**

***WHITEWRIGHT LODGE No. 167 , AF&AM, is a fraternal organization that admits, makes, and passes Freemasons according to the Constitution and Laws, and Edicts of The Grand Lodge of Texas, Ancient Free & Accepted Masons. Its goals are to advance the moral and social interests of its membership; to foster good citizenship, honest industry and upright living; to cultivate the exercise of charity in its best and broadest sense; to assist the widows and orphans of its deceased members; to stimulate friendship, harmony and brotherly love, and generally to promote, in its own way, the happiness of mankind --- it is a Fraternity of good men, linked together by honorable and indissoluble bonds, to accomplish***

**these noble purposes, eschewing all interests in factional politics and sectarian religion and free from the dictation of both.**

**The Grand Lodge of Texas, AF&AM, through contributions supplied by Whitewright Lodge and other Masonic lodges throughout the State of Texas, contributes to the relief of distressed and needy brothers of the fraternity. The Grand Lodge of Texas supports and makes contributions to the Masonic Home and School of Texas in Fort Worth, a non-profit institution which ensures that orphaned or needy children are provided with a home and an education. Also, The Grand Lodge of Texas contributes to the support of the Texas Masonic Retirement Center in Arlington, a non-profit organization, seeing to the well being of elderly Masons, wives and widows.**

Husband, Father, Wage Earner, Jogger, Church Member --

You try to be your best in all your roles:

Being a Mason can make you a better man.

Take a look through these questions and then ask yourself:

"Can joining the Masons of Texas help me better myself through service to others?"
